

BradPack® Wash Center Model 1121

- ADA Compliant
- Factory Assembled
- Recesses in 4" Wall Construction
- Concealed Trap

Specifications

Materials

Wash Center is fabricated of type 304 (18-8) stainless steel with exposed surfaces in architectural satin finish. Trim is brass with heavy polished chrome plating.

Construction

Flange

22 gauge stainless steel with one-piece seamless construction, 1" wide with 1/4" return.

Cabinet

Heavy-gauge stainless steel, all spot welded construction. One full width shelf.

Towel Dispenser

22 gauge stainless steel with rolled edge dispenser opening. Holds 800 multi-fold or 500 C-fold paper towels.

Bowl

18 gauge stainless steel. Oval design, 13-5/8" L x 10-1/8" W x 5" D.

Trim

Gooseneck spout with aerated nozzle projects 5" above bowl. (Optional non-aerated spout available.) 4" centerset faucet with 4" wristblade handles are mounted on horizontal surface of bowl deck. Free running 1-1/2" bath ell with stainless steel strainer. Trap and stops complying with local codes to be supplied by plumbing contractor.

Apron

22 gauge stainless steel. Spot welded to cabinet and underside of bowl.

Barrier-Free (ADA Compliant)

The BradPack wash center is designed to comply with all ADA guidelines on reaches, clearances, and operation.

Check Your Surroundings

Certain factors, such as intense direct sunlight, other infrared devices, or other site conditions may interfere with the activation of infrared faucets. Contact your local Bradley representative to discuss any application concerns.

Installation

Requires rough wall opening 15-1/2" W x 44" H x 4" D. Top of opening is 64-1/2" from finished floor. (Detailed installation instructions included with each shipment.)
