

# 7916, 7916VB Temperature Supply Box, Recessed

## Specifications

Designed for interior or exterior walls not subject to freezing.

## Materials

Box is constructed of 18 gauge Type 304 stainless steel. Door is 16 gauge. Valve bodies are cast brass.

## Construction

Connected directly to 1/2" nominal copper female screwdriver stops. Replace parts from the front.

## Finish

All exposed stainless steel surfaces are polished to a #4 satin finish. Valve components are polished stainless steel or triple chrome-plated.

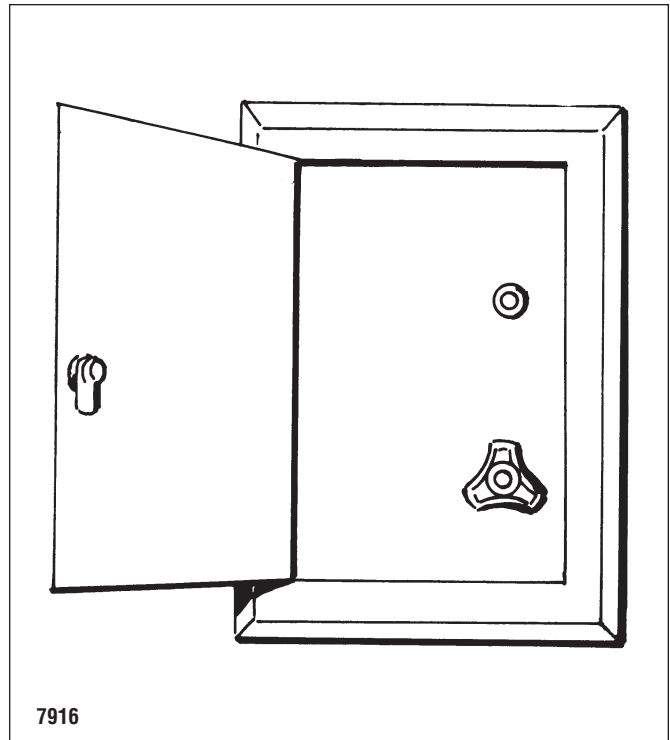

## Wall Anchoring

Box is furnished with four stainless steel clips which provide a secure means for securing to the wall construction.

## Standard Equipment

Recessed supply box with cold water screwdriver stop and valve, cylinder lock and 3/4" hose connection.
