

Security towel hook:

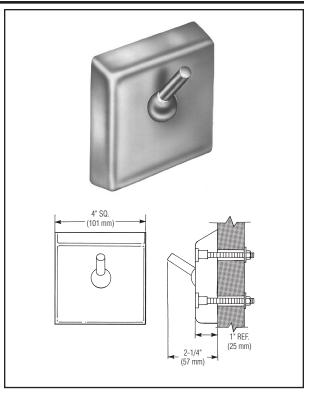

Product Materials

BACKPLATE: 14 gauge stainless steel with exposed surfaces in architectural satin finish. All seams are welded and ground smooth.

SAFETY HOOK: stainless steel with pivoting ball joint that releases when more than 20 lbs. of force is applied.

Installation

Verify all rough-in dimensions prior to installation. Backplate has welded anchor nuts to receive $\frac{1}{4}$ "-20 studs, nuts and washers. (Included with unit.) Four $\frac{5}{4}$ " dia. holes are required in wall at locations shown.
